HEMPITECTURE

PUBLIC MEETING PURSUANT TO IC63-602NN

Public meeting for Hempitecture, Inc request for Tax Exemption pursuant IC63-602NN. One person from the public was in attendance, JT Reed. Connie Stohler, Southern Idaho Economic Development joined the meeting via Zoom. Assessor Baldwin explained the email he had sent to the Board of Commissioners regarding his position on Hempitecture's, Inc. request. He has used the employment multipliers from the Economic Policy Institute to calculate an overall benefit to this manufacturing plant; the total number of 18 indirect jobs and 5-7 direct jobs. Assessor Baldwin explained that they would need to evaluate after time. Assessor Baldwin estimated on a \$4,000,000 valuation with a 2% levy rate would be \$80,000 per year, for a total tax of \$385,000 with depreciation over the five years at 100% tax exemption. Assessor Baldwin felt the County should check with Hempitecture each year as to how many fulltime jobs they are able to maintain. Commissioner Bolduc said that he thought that it would be more like the Glanbia or Chobani projects with many new jobs. JT Reed expressed he is in for a tax

exemption for a company that is bringing in many jobs. Matthew Mead, Hempitecture, Inc. joined the meeting. He is working with the City of Gooding for a change in zoning. Connie Stopher, Executive Director, Southern Idaho Economic Development explained that there are other Idaho counties and other states looking at this project. She also reminded the Board that the Idaho Statute 63-602NN previously was at the investment must be at least \$3,000,000 of capital investment. It was then reduced to \$500,000 threshold to help small business. Commissioner Bolton said she put the question out on Face Book and the majority of the comments were positive for the company to be allowed to come in and that Mr. Reed had opposed the Tax Exemption. Prosecutor Misseldine suggested to the Board not to make the decision until after the zoning is decided by the City of Gooding, March 4, 2021. Mr. Mead explained that their application was a low bar of their employment. They already have bids from local contractor for additional space. They have also talked with local electrician. Gooding was their first choice. They have had Jerome, ID, Prineville, OR, and Great Falls, MT is courting them. They are offering a lot more than Gooding County. He has asked the Board for consideration to their timeline. Ms. Stopher expressed they should be offering this as incentive to companies that want to move into this area. Canyon County is actively doing this for companies that have not purchased properties and just looking in their area. Mr. Mead explained that the previous zoning was an error from many years ago. The Mayor of Gooding believed the Zoning change would occur. Commissioner Bolduc moved to have deliberations and decision to the March 8th, 2021 meeting. Commissioner Buhler seconded the motion. Motion carried. Mr. Matthews and Ms. Stopher vacated the meeting. After the public meeting, JT Reed said after listening from Mr. Mead he was inclined to offer more but not 100%.
