

NOTICE

Northside Tri-County Cooperative Weed Management Area is seeking bids for the biological control of Idaho State Designated noxious weeds.

The area of control includes all of Gooding, Jerome, and Lincoln Counties.

The goal of this project is to control noxious weeds within the area using biological control.

The successful bid contractor will purchase, gather, place, move, and monitor biocontrol agents within the whole Northside Tri-County CWMA.

The contractor will be required to partner with the Bureau of Land Management (BLM), United States Department of Agriculture (USDA), United States Forest Service (USFS), and Nez Perce Bio-Control Center.

The Contractor will be responsible for providing equipment and supplies necessary to perform duties.

Bids need to be submitted by mail or to the Tri-County Weed Office.

Tri-County Noxious Weed
ATTN: Denise Helsley
205 Lucy Lane
Gooding, Idaho 83330
